

Clifton Beale

Portfolio Site: [Clif Codes](#)

SUMMARY

- Possess two years of hands-on experience with HTML/CSS/JavaScript and related frameworks and libraries (React, Next.js, Node.js, TypeScript), augmented by the successful completion of four in-depth online courses via Coursera and CodeCademy.
- Spearheaded the end-to-end development of a cutting-edge web application over several months, showcasing exceptional leadership and project management skills while collaborating effectively with cross-functional teams to deliver a successful product.
- Successfully completed a bootcamp course provided by #VetsWhoCode, culminating in the creation of a fully responsive portfolio website. Demonstrated adaptability and learning agility by mastering the migration process from static HTML/CSS to Next.js + React.

EDUCATION

Coursera & CodeCademy

07/2021-03/2023

Online Courses

- Earned a CodeCademy certificate, mastering the essentials of HTML, CSS, and JavaScript.
- Attained multiple Coursera certificates, delving into advanced JavaScript concepts and object-oriented programming.
- Accomplished a React-focused certificate, solidifying proficiency in this prominent JavaScript library.

Vets Who Code: ([GitHub Link](#))

03/2023-08/2023

Web Developer Bootcamp

- Utilized a CI/CD environment (GitHub) to build a professional portfolio
- Completed a migration process from a static HTML page to a full stack React web app
- Leveraged technologies such as React, TypeScript, Next.js, Node.js, Git, & CSS
- Developed API endpoints using serverless infrastructure and serverless functions offered by Next.js to display dynamic information

PROFESSIONAL EXPERIENCE

Next Meal: ([GitHub Link](#))

03/2018-01/2022

Lead Web Developer:

- Led the full lifecycle development of an innovative web application over an extended timeframe, prominently demonstrating exemplary leadership and project management capabilities.
- Leveraged emerging technologies such as the Vercel AI SDK, Supabase, and Prisma ORM to enhance the application's capabilities.
- Optimized API performance by implementing Next.js for serverless infrastructure, enhancing the overall user experience.
- Designed and developed a user-centric web project, leveraging React to ensure a seamless and engaging user experience.

SKILLS

Platforms: Windows, MacOS, Linux

Design: Figma, Adobe

Languages: HTML, CSS, JavaScript

Software: VSCode, Git, GitHub, Netlify, Vercel, Firebase

Frameworks & Libraries: Next.js, Node.js, React, TypeScript

Other: Secret security clearance, training/educating, Continuous Integration/Continuous Delivery (CI/CD), Accessibility, SEO, Performance

Soft Skills: Able to work well on a team, creative designer/thinker, ability to adapt to different work environments, strong work ethic, great communication skills
